STATINTL

Dear 

By now, the Credit Union personnel must know you personally, but I'm hoping you won't mind too much making another trip down to see them in my behalf. It seems the Finance people here are just too busy to attend to this for me at the moment. My "processing out" is going so smoothly now that I am apprehensive about "throwing in any monkey wrenches" with this loan.

My new car is manufactured and waiting in New Jersey already for me to pick up--all I need (or they need, that is) is the money. The attached forms are all completed with the exception of a couple spaces regarding the payments, interest, etc. I have completed a payroll deduction form for \$92.00 which I am sure is ample and I can straighten out exact amounts with them personally after I return.

I'd be most appreciative if you would take these to the Loan Department and make sure that everything is in order so there will be no delay in my getting the money here by 26 August as I've specified. Thanks very much in advance and let me know if anything more is needed.

Best regards to everyone--see you the end of October.

Sincerely,

 STATINTL
